

Trails Still Closed – 1/19/21

Due to poor snow conditions, the Florence County Snowmobile trail system will remain closed until conditions allow. Only dedicated WINTER ATV/UTV trails are open for use during this time. Joint use snowmobile and ATV/UTV trails are open but are temperature dependent. If temperatures exceed 28 degrees then ATV/UTV's are NOT permitted to use them. Some trails have been groomed, but most have not and therefore will be in poor condition. Ride at your own risk and be respectful to ALL landowners. Purchase a map to identify proper trails and routes. Any questions or concerns, please contact Mat Gummin at the Florence County Forestry and Parks Department at 715-528-3207
